The downstream boundary for all in-river IS openings is at Red Bluff.
There is no upper boundaries for these fisheries.

**Participants are required to possess a valid
Nisga'a Fisheries Licence and IS Permit
All vessels must be Nisga'a owned.**

**Sockeye salmon will be the target species for these fisheries but
Chinook and Coho salmon will also be purchased.** Fish will be
refused if it does not meet the quality standards established in Nisga'a
Fisheries Regulations 2002. **Fish will be purchased only if:**

**Bled immediately after removal from net, and
Placed immediately in slush after bleeding.**

**Any Chum, Pink, and Steelhead caught should be released if healthy
or otherwise taken as food. Please report any food catch to a NFWD
catch monitor.** Please return any tags recovered or record tag numbers
from released fish to Nisga'a Fisheries for entry into a tag lottery draw
(three draws of \$250).

**Nisga'a Fisheries management has instructed DFO Enforcement to
not permit vessels on the fishing grounds that:**

- are less than 16 feet in length in the In-river fishery
- do not have PFD's for each person on board,
- have no operational VHF marine radio

**Any vessels not meeting one of these requirements will be sent to
shore or towed to shore to remedy the lack of any of these essential
safety or regulatory requirements before being allowed to continue
participating in any marine IS fishery.**

As a reminder, **the limit for Sockeye this fishery is 1400 per permit, with
a limit of 20 per permit for Chinook and no limit on Coho**
