**Communique to the Nisga'a Citizens
From the Office of the President
May 25, 2019**

Further to my communique yesterday, I wish to elaborate on the Executive motion that was approved unanimously at the Executive May 23, 2019 meeting.

The Executive motion included the establishment of a Special Committee to oversee an independent investigation into the serious allegations made against Nisga'a Lisims Government (NLG) and its employees.

The integrity of NLG and its employees have been compromised. Because the integrity of the Nisga'a Nation is in question, and on advice from the Council of Elders to conduct a thorough independent investigation, the NLG Executive unanimously passed a motion to strike a special committee to oversee the investigation by an independent investigator with no ties to NLG.

In closing, I wish to reiterate the strength of Nisga'a Ayuuk and culture that interconnects each of us. I encourage each of you to stay informed with the Nation's business through our website and by practicing your democratic right and obligation to engage with your government.

Sincerely,

NISGA'A LISIMS GOVERNMENT
