

# Emergency Medical Responder (EMR)

The Emergency Medical Responder (EMR) course is an introduction to emergency medicine.

This course provides training that students require in order to gain employment as an Emergency Medical Responder within a range of areas including:

- ❖ Medical Response for Fire Departments
- ❖ Ambulance Services
- ❖ Industrial and workplace settings as a first-aid attendant
- ❖ Life guard or ski –patrol

Students are expected to complete approximately **14 hours of pre-reading and 1-3 hours of study for each day of classes.**

If you are dedicated, responsible, mature, and interested in a career in Emergency Medicine, please call Nest.

**T: 250.633.2210 or 1.844.633.2210**
