

WE WANT TO HEAR FROM YOU

LAND & RESOURCE USE SURVEY

Whether you hunt, fish, trap, harvest, hike, work, or travel through the area north of Stewart — your knowledge helps guide how this project moves forward.

WHAT IT IS

Scottie Resources Corp. is completing environmental and technical studies for the proposed re-opening of the past-producing Scottie Gold Mine, 32 km north of Stewart, BC. This survey records how the land around the proposed mining area is used and valued today, and the results inform Scottie's studies and permitting processes.

- **10 minutes or less** to complete
- **Completely anonymous** — no contact information is recorded
- **Voluntary** — answer only the questions you wish to answer
- Open to **everyone** who uses the area
