IRWIN'S INDUSTRIAL SERVICES

ADVANCED TRAINING. LIFE-SAVING SKILLS.

ROLE OF THE FIRST AID ATTENDANT
Attendant duties, scene safety, and first aid records for B.C. workplaces.

PATIENT ASSESSMENT
Systematic scene and patient assessment, including a full head-to-toe examination.

AIRWAY & OXYGEN THERAPY
Manage airways, insert oral airways, and operate oxygen therapy equipment.

CIRCULATORY EMERGENCIES
Control severe bleeding, manage shock, and perform critical interventions.

HEAD, NECK & SPINAL INJURIES
Recognize and manage head, brain, and spinal injuries with proper immobilization.

FRACTURES, BURNS & SOFT TISSUE
Treat fractures, dislocations, ligament injuries, burns, and wounds.

MEDICAL EMERGENCIES
Respond to medical conditions and support coworkers through critical incident stress.

PATIENT PACKAGING & TRANSPORT
Position and package patients for rapid transport. Transportation endorsement included.

WHAT YOU'LL GAIN:

- Advanced First Aid certificate, valid for three years
- Transportation endorsement
- Skills to lead emergency response on remote sites
- A qualification industry employers need
- Confidence to care for coworkers & community
